

## **Mission Support Grants**

Annually recurring mission support awards can be up to \$5,000 for operational needs. One-time Emergency Sustenance Awards will have no cap. These ESAs are special-purpose grants to rescue mission-critical local not-for-profits rendered financially unstable or at risk of failure by the pandemic and other disasters.

- For small annual gifts, mail solicitations are accepted from accredited local charities without special documentation.
- For recurring operational support of institutions that meet our mission statement, and for major, non-recurring grants, e.g., capital campaigns or an Emergency Sustenance Award, please use our [Grant Request Form](#) and send it by mail to the address below or email it to [chenelle@cloudsplitter.org](mailto:chenelle@cloudsplitter.org). We will want to schedule an interview for any major grant requests.
- Please note: If you do not receive an acknowledgement of receipt of your request within 5 business days, please contact Chenelle at 518-992-4900.
