

Rapid Response Fund

Cloudsplitter Foundation has created a Rapid Response Fund (RRF) to provide expeditious assistance to area nonprofits with Covid-related and other urgent needs. The RRF is a responsive granting resource that can be accessed quickly to assist during times of crisis.

Grants of up to \$5,000 are limited to Adirondack not-for-profits with, or sponsored by, organizations with 501c3 status. We are not able to fund individuals or businesses directly.

Applicants will work directly with Cloudsplitter's Director who has rapid-response grant authority. Grant recipients will be asked to submit a follow-up report that demonstrates the use of this grant and its effectiveness.

To initiate an RRF grant application, please contact Chenelle at chenelle@cloudsplitter.org or 518.992.4900
